## Kiwaniis Club of Ottawa West

On June 6 President Faye Beaufort and Anita MacLean, Chair of the Community Service Committee of Kiwanis Club of Ottawa West attended the SWAG (Students Will All Graduate) Grade 12 graduation at Fisher Park High School of Ottawa. These students are all living in social

housing in the Carlington Community which is a very needy part of Ottawa and they all get tutoring and mentoring services through the SWAG program. Only 40% of the high school students tend to graduate in this area so it is a very important program.

Our club handed out 3 scholarships:

- Miriam Mohamed who has been accepted by Carleton University
- Fahmo Abdi who has also been accepted by Carleton University
- Nina Tran who has been accepted by Algonquin College

The MC's at this graduation were two students who graduated from this program last year: Nyakoma Gordon Buoy who received a Kiwanis scholarship last year and Catherine Haba. These students were also speakers at our last club meeting and gave a great presentation of how they both have benefitted from this program and how grateful they were to our club for supporting SWAG. Nyakoma just finished her first year at Carleton University and Catherine finished her first year at Queen's University and they both received high grades. They are also both very interested in the Circle K program. Catherine was a Key Leader at high school.
